Atlanta trio breaks new ground with witty alternative rock for kids that won't drive the adults crazy. All ages. \$10.99.
www.backspacerrecords.com

Witty and fun alt rock album for kids that will have parents singing along as well! The lyrics are catchy and clever, the songs are full of humor and fun, and the album is more like regular grown-up music than irritating kids-only albums. Never would I have thought I would enjoy a kids music CD so much. This album is a must-have in your CD library—and will be sure to find its way onto your iPod, too. A great gift and a lot of fun!
